

Preparing for your Appointment

Makeup & Hair Preparation:

Your face should be cleansed, exfoliated, and lightly moisturized prior to your makeup application. All traces of makeup should be removed.

Your hair should be washed the day or night before your appointment, air dried, and free of any product.

Eyebrow and/or facial hair removal should be done at least 3-5 days before your event. Hair removal services are not recommended the day before your event, as redness may still be present. We recommend threading as opposed to waxing.

If you are currently using Retinoid, BHA, AHA, acne medication products, or have had any laser or peel treatments 2-4 weeks prior to your appointment, please advise us so that proper skin and sun-care may be provided.

If you have any known allergies to specific cosmetic, plant, or food ingredients, please advise us as soon as possible. This is imperative to avoid potential allergic reactions.

If you plan on colouring your hair, please do so no earlier than a month before your appointment to avoid colour fading.

Please have photos ready of your desired makeup and/or hairstyling look. This helps ensure we meet your expectations to the best of our ability. For clients that are not used to wearing much makeup, we recommend eye looks that are not too dark or elaborate.

Please do not wear your event outfit during your appointment. We recommend comfortable loose clothing that is easy to pull over the head, or shirts/sweaters that can be unbuttoned or unzipped. This ensures that when you change into your event outfit, your hair and makeup is not disturbed.

Product recommendations for all skin types:

- CeraVe Hydrating Cleanser
- Boots No. 7 Beautiful Skin Purifying Exfoliator
- First Aid Beauty Hydrating Serum
- CeraVe Moisturizing Lotion
